

FINDING FIBRES 2025

with Anna Corbett

Exploring fibre plants for cordage

Bolton Village Hall, Northumberland, NE66 2EE

Sunday 23 November 2025, 10am – 1pm

cost £45 / £40

All welcome

Perfect for beginners who want to try working with soft fibres

This workshop will focus on making string from plants growing in wild and cultivated habitats. We will find out how to identify, harvest and process a range of plants, explore different methods of making string and consider their role in basketry techniques

Cost

£45 / £45 (low income)

Please choose your own level of payment according to income. Full payment is required to reserve a place.

Payment

Payment by BACS to this account using your name as reference.
(Get in touch if you need to pay by another method)
